BLAIRMORE ALBERTA

The sad news has reached town of the death of Mr. and Mrs. S. J. Watson's little daughter Isabel, which occurred at Fort George, B. C., on April 24th.

The congregation at Knox church has increased very considerably of late, owing to large numbers of people moving into the town from other points.

Oh, You, too!

Case of J. R. Irwin Against The Town Is Dismissed--Costs Against The Plaintiff

One of the most interesting decisions to be handed down by an Alberta judge was that delivered today in connection with the case of Irwin versus The Town of Blairmore.

Thames came up for hearing last week at Macleod, before Mr. Justice Walsh, and has been watched by every town in the province of Alberta.

The case was brought about following the discharge of Irwin from the police custody of police, it being claimed by Irwin that he was entitled to wages for the balance of 1914, as well as \$5,000 damages caused by "inconveniences" brought about by his short notice of dismissal.

Mr. Irwin had been in the employ of the town for a considerable period, and because his duties seemed to be controlled by the Mayor alone, instead of his council as a body, he had year received notice on more than one occasion that "his services were no longer required." Immediately following these notices, Mr. Irwin allowed himself to be reinstated by the Mayor as an employee to those who in the interest of the town desired to "dispute with that official." Eventually, after several attempts, the Mayor and his wife's supporters succeeded in getting Mr. Irwin re-engaged by resolution of the council, this time with a specified term to last till the end of 1914.

A contract was entered into, signed only by the mayor, secretary-treasurer and the employees, which contract was of course considered a matter of public interest, but which could only be considered void from the fact that it conflicted with the Town Act.

About three months since, the council again gave the police notice to quit, and the motion went through following an expressed desire of justice made by the Mayor. On the following morning the town council ordered the dismissed police to quit on duty in full uniform, and upon enquiry were advised that a "flaw" existed in the notice. Steps were at once taken to overcome this little misunderstanding, and another notice was issued that previous "flaw" was given out at the next meeting of council. This notice had the desired effect, whereupon the ex-police took occasion to test the legality of the council's determined steps.

Action was entered, claiming salary for the balance of 1914 and \$5,000 general damages.

The decision of Justice Walsh this morning was that the case be dismissed, the complainant being given the privilege of paying the costs.

Next week we will publish the decision in full, which will no doubt be very interesting to our readers, as well as to the town.

The Blairmore Council Blairmore School Board

The regular meeting of the Blairmore city fathers was held on Monday night with Mayor Lyson, councillors Dault, Sinclair,

At a meeting of the Blairmore school board held in the council chamber last night, an exhaustive report from Inspector C. Hanson was read. The inspector reported that the school was in a satisfactory condition, and that the necessary of tying the flag of Canada broken over our educational institution, and suggested that the board provide the school with a flag to be hoisted on every school day. He also made reports on the accommodation and the reduction of the number of pupils in some of the classes, where for too great a task rests upon a single teacher.

The minutes of last meeting were approved, and the following accounts were passed:

W. A. Beebe, April rent, \$20.00.

Blairmore School District, \$250.00.

Rocky Mountain Cement Co., light account, \$50.80.

Land Registry Office \$5.50.

Clerk of Court, Macleod, deposit in connection with the Irwin case, \$100.00.

L. H. Putnam, on retainer fee, \$50.00.

C. E. Hiscocks, April salary, \$100.00.

A letter was received from the Keystone Cement Co. re a nuisance ground, offering a site for short lease on terms to be arranged.

The offer of McLeod and Beard, of a site for a nuisance ground came up for consideration. They offered six acres to the town at a price of \$50 per acre. The council decided they would look over the property at first opportunity.

A couple of other letters of minor importance were received and filed.

C. Diestro, bandmaster, wrote stating that the band was prepared to give occasional open-air concerts at such times as the council should desire, provided a small grant could be made by the town for such service.

The by-law to regulate the duties of the fire chief and his staff received its third reading and finally passed.

The council was informed by the mayor that the government grading outfit would be in this vicinity shortly, and that the town could get Victoria Street graded by them at a very small cost. Councillor Beebe will take the matter up with a representative.

The council adjourned at 9:30.

Board of Health Meeting

A meeting of the Blairmore board of health was held on Wednesday night in the council chamber, H. E. Lyon, Dr. J. W. McKay, W. J. Hardist and Secretary Hiscocks being present.

The minutes of previous meeting were approved, after which a letter from the West Canadian Collieries, Ltd., re the nuisance dumped on their property, and applications from Dr. G. Sawyer and James Patterson for the position of sanitary inspector for the town, were received.

James Patterson was appointed to act as Sanitary Inspector at a monthly salary of \$30.00, his duties to commence forthwith.

Commander Evans, C.B., R.N., who was second in command of the Scott expedition to the South Pole, will lecture at a Wesleyan Methodist church, Leithbridge, on Monday night next.

Amorel was very excited. It was her first long journey alone, and vast and entrancing as her dreams were of the delights of California she knew she should find even her dreams transcended.

She took off her stylish little hat and handed it to the "portress" as she mentally dubbed her. Then, with a cushion at her head and another at her feet, she settled back with a sense of complete comfort.

Sty on the Eye.
A sty is caused by inflammation of a sebaceous gland of the eyelid. Frequent bathing with camellion water is a good preventive. When a little head forms it should be opened carefully with a sterilized needle and the contents gently pressed out. Then bathe the lid gently with a solution of boric acid, fifteen grains of the acid to the ounce of distilled water. The diet should be nourishing but plain. No highly seasoned or spicy foods should be eaten.

WE DO LOVE DIAMONDS

Half of the World's Known Production Is in This Country
Diamonds exported into the United States made their highest record in the calendar year 1918. The value of the diamonds and other precious stones imported during the current year is approximately \$67,000,000, this being the highest figure ever recorded. It crossed the \$50,000,000 line "two years ago, according to the officials of the bureau of foreign and domestic commerce, department of commerce, the total imports of diamonds and other precious stones were \$11,000,000, in 1903 \$28,000,000 and in 1913 approximately \$67,000,000, estimates being based upon the known figures for the nine months ended September, which are 59 per cent of the total for the year. The people of the United States are the world's largest importers of diamonds for permanent ownership. According to a statement by George F. Kunz in the "Encyclopedia Americana," own practically half the diamonds of the world. The statement, in question, published in 1922, estimated the value of all diamonds known to exist in the world at that time at \$1,000,000,000 and added that about \$500,000,000 worth was owned in the United States and "therefore it may safely be said that one-half of all the diamonds known to exist in the world are owned in the United States." The world's diamonds imported into the United States subsequent to the war amount to over \$300,000,000, and the total stock of diamonds in the United States at the present time is approximately \$750,000,000.

Bellevue Happenings

Walter North has moved into Fred Busch's house.

Mrs. Archie Murray was in Calgary on Saturday.

Robert Dickson moved his family to Frank last week.

Mrs. Bradley was a Coleman visitor on Sunday.

Mrs. Wellburg has moved out to a ranch on the prairie.

Ed Litherland has moved into George Gunder's house.

Charlie Case returned to the camp after a temporary absence.

Robert Connolly is visiting his sister at Pincher Creek this week.

Stephen Macdonald is back in camp visiting old acquaintances.

Gus Wellburg is operating the new machine at the Lyric theatre.

Mr. Riley, who has been in business here for some weeks, left for Fernie on Saturday.

C. W. Johnston, of the Lyric theatre, is occupying the house vacated by Mrs. Wellburg.

Mr. and Mrs. Schmeidel, of Maple Leaf, have moved out to their ranch on the North Fork.

Edias Litherland has been removed to the hospital, because of an injury in the back received some time ago.

At time of writing, the strike is still on at Bellevue mine. The mine has been closed for a week. The district officials visited the camp last week.

Hilbert and Bellevue played a friendly game of football at Hillcrest on Saturday. The game was a decided victory for the home team, and the Bellevue boys recognize the need of strengthening.

A case of insanity was brought to light on Sunday, when a group of children discovered a man in a small lake near the Hillcrest station. Running for aid, they summoned Jack Fraser, the caretaker of Bellevue school, who fished the man out and discovered him to be rather queer. The poor fellow, who was Italian, was taken into custody by Corporal Meade, of the R.N.W.M.P. On Monday he was taken to Macleod, from where he will likely be shipped to Ponca.

McLaren Lumber Co.
To Enlarge Plant

The McLaren Lumber Company, of Blairmore, is arranging to add \$200,000 worth of plant to their mill here. This means that the business has been purchased by an eastern capitalist, and that plans are being prepared for large additions to the plant under the new management.

E. A. Cunningham, formerly of Lethbridge, but now of Calgary, will take charge of the new company's business as general manager, as soon as his Calgary connection permits, early in May.

The McLaren Lumber limits are between the C.P.R. Crows' Nest branch and the south fork of the Old Man river. The new mill will be of large capacity, and will manufacture lumber of standard mill stock size and patterns, utilizing all slabs and refuse in a marketable material. This new organization will be capitalized at \$1,500,000.

MOST PROMPT AND EFFECTUAL CURE FOR BAD COLDS.

When you have a bad cold you want a remedy that will not only give relief, but effect a prompt and permanent cure, a remedy that is pleasant to take, and a remedy that contains nothing injurious. Chamberlain's Cough Remedy meets all these requirements. It acts on nature's plan, relieves the lungs, aids expectoration, opens the secretions and restores the system to a healthy condition. This remedy has a world wide sale and use, and can always be depended upon. Sold by all dealers.

It is expected that Rev. Dr. Chown, of Vancouver, will be in attendance at the Methodist district meeting to be held in Frank this month.

Order Was Finally Restored

A school inspector upon finding a class' portion of observation, the made sure that the class was that he had a gold mounted fountain pen in his waistcoat pocket which disappeared. Then he left the room, returned to the classroom and there recovered the fountain pen to an inner pocket. Returning, he stood with his back to the back and his vest pocket open.

Unquestionable Distinction

There was a long pause, and then a small boy piped up: "Please sir, you forgot to say 'Excuse me' when you waited in front of the teacher."—London Tit-Bits.

Maternal Policy

"Isn't it your mission, woman, who is the slave in the family?" a champion swimmer, if I remember right.

Ecce Homo Hint

Mr. Nickleby—"Don't give those accounts to the other boys, they'll read them."

That's Different Again

Crusoe—"Non-sense! Didn't you ever get walking at dusk in a prohibition town—Yonkers State Prison."

EXPENSIVE CURIOSITY.

His Lordship's Persistent Questioning Led to Unhappily Resolutions.

A CHIEFMAN, poor, who had a very long and very long beard, had dismissed his valet for the night. Shortly afterward, however, he was much annoyed to hear pious of knockers from below and called back the man to explain. The latter answered that he was just a little late, but his lordship would have none of this and would have him go.

"Well," admitted the man, with reluctance, "it was really a little game we were having, my lord."

"What game?"

"Well, my lord, a kind of guessing game."

"Don't be fool, Watson! I rang for you in order to get an explanation. What guessing game were you playing?"

"Guessing who?"

"Well, my lord, the cook, to tell the truth, my lord, and then one of us knew her, and she had to guess who it was. The footman had the mop up, and she knew it, and then cried out 'Oh, your lordship! How dare you!'"

London Tit-Bits.

She Knew From Experience.

Miss Enery had given little Tim a simple problem in addition that he failed to work out.

"Numbers are dry," she reasoned and herself and her mother.

"Suppose," she began hesitatingly, "you should go down to the garden and pick three pounds of lamb, two pounds of potatoes, half a pound each of carrots and turnips and one pound of tomatoes. What would you have then?"

Tim shook his head. "Marjory, only a year older, raised an eager hand."

"Well, Marjory!" said the teacher with a sorrowful glance at little Tim.

"Stew!" said Marjory sweetly.—**Argosy.**

Consolation.

At the dental surgery at Ashbury Park Mr. A. C. Carmichael of Milwaukee, apoplexy of a disappointment in dental legislation, and philosophy.

"Well, let us not despair. Let us remember that the tooth is a part of the body."

"An old maid, who went into a decline."

"What's the matter with you?" her doctor asked.

"Oh, doctor," she sobbed, "I've discovered that I'm a bore."

"Naturally," said the doctor. "I never do come up to expectations."

Qualifying the Statement.

The elderly school teacher said to his class to give him the definition of a "plurign."

"One little fellow said, 'Please, sir, I think a plurign is a man who travels around the world in a hot air balloon.'"

"This did not exactly suit the teacher, so he said, 'Well, I travel about quite a lot, but I never go in a hot air balloon.'"

"Oh, sir, with a good man," eagerly replied the little one.—**Harper's Magazine.**
